BRIEF ABSTRACT OF LETTER.

Forwards a plan & estimate amounting to Rs 2980 for improving the L.F. dispensary building at Humsur and requests that $\frac{2}{3}$ of the cost of the work be ordered to be met from Prov. funds, the Dist Board of Mysore having agreed to meet a third of the cost and the Humsur m. Board being too poor to pay its share of contribution for the work.

NOTES AND ORDERS.

The financial condition of the Humsur m. Board according to the sanctioned Budget for the current year is as follows:—

opening balance	Rs 302
Receipts	5217
Total	5519
Expenditure	4638

Closing balance. 881 less than the prescribed minimum by Rs (1304-881) 423

11. The Hunsur Municipality is poor and by a large reduction of the expenditure on public works ~~side~~ during the current year, its financial condition was slightly improved. The estimated closing balance is nevertheless less than the minimum working balance. The Municipality has many demands to meet. Its water supply is far from satisfactory and the existing ~~arrangement~~ arrangement is said to supply water only to a fourth of the town. An estimate has been prepared for improving the water supply, ~~estimated~~ which involves an initial outlay of Rs 35,000 and an annual recurring expenditure of nearly Rs 14000. In these circumstances, it does not seem possible for the Municipality to find funds for paying its quota of the cost of repairing the dispensary building.

Yes, I can agree as a special case - The present building is very bad & the proposed alterations are very necessary - The only doubt in my mind is whether it is better to make to spend the proposed Rs 3000 on the present building, & whether it is better to have a new one altogether.

Thero' Senior Surgeon

Sir,

I have the honor to submit

herewith a plan and an
estimate amounting to Rs 2,980/-
for improving the Local
Fund Dispensary Building
at Hunsur. I inspected the
building in December last
in view to see whether it
would not be advantageous
to construct a new building

According to the type plan and I have thought it fit to improve the existing building only for various reasons. The accompanying report explains the necessity for the work. The District Board at its meeting held on the 11th February 1911 resolved to contribute one-third of the estimated cost. The Municipal Council of Tumkur has its finances in such a poor state that it is hopeless to expect it to pay its share. I request that Government may be pleased to

4

sanction the two-thirds of

The estimated amount out
of Provincial Funds.

I have the honor to be,

See

Your most obedient servant
